Appendix 1

FIRST AID GUIDANCE FOR EDUCATIONAL VISITS

Qualified first aiders may not be necessary for all off-site activities and visits. However, first aid issues for any LOTC activity should be considered as part of the risk management process and the exact requirements should be determined by ensuring that first aid support is available at an appropriate level.

What is “appropriate” will be determined by:

- The nature of the activity.
- The nature of the group.
- The likely injuries associated with the activity.
- The extent to which the activity will isolate the group from normal ambulance support, or a known point where a qualified first aider will be available.

A very basic level of first aid support must be available at all times. This will require that one or more of the staff leading the activity:

- Know how to access qualified first aid support.
- Have a working knowledge of simple first aid and are competent to use the first aid materials carried with the group.

For some activities (most commonly in defined adventure activities) there is a good practice expectation that requires those leading such activities to hold a current first aid “qualification”. To be a “qualification”, the first aid course must include a formalised assessment process; otherwise any certification will have the status of a certificate of attendance. In practical terms, the course will be a minimum of 12 hours.

It is a legal requirement that all minibuses must carry a first aid kit.

ADDENDUM - FROM 01/06/2020 to 17/07/2020

If, following Government announcement, school re-opens to pupils on Monday 1st June 2020 the following shall apply to First Aid.

Background

Following the announcement by the Government on Sunday 10th May that schools were to re-open to children in Nursery, Reception and Year 1, the DFE published guidance that can be found here:

- First Aid will be administered only after appropriate PPE for the anticipated treatment has been donned
- Children will be encouraged, where appropriate, to clean wounds and apply plasters, ice-packs etc. themselves
- Accidents will be recorded and reported in school under our usual arrangements. However, notification will be issued to parents via email (usual first aid form will be scanned and emailed) in order to avoid the need to send home paper copies
