

# Rowan Class Homework Autumn A 2025

Topic homework this term is linked to all that the children are learning in the Foundation Subjects and English. Please encourage your child to choose one task to complete each week. Completed work should be handed in on Fridays. Please note that the children are expected to complete at least five pieces of homework over the half term. Alongside their topic homework, Rowan Class children also have a weekly piece of Maths homework to complete, which will be set online via Mathletics each week. Your child should also read to an adult, practise their times tables daily for 5-10 minutes, and complete their spellings homework.
